**Call for national experts in skills forecasting and labour market developments**

---

REFERENCE: your application

---

Dear Mr Nikoloski,

We would like to thank you for applying to Cedefop's call for national experts in skills forecasting and labour market developments.

Following the assessment of your application, we are pleased to inform you that you have been selected to act as national expert in skills forecasting and labour market developments for FYROM.

As, for your country, there was another applicant with a suitable profile and experience, we have decided to ask this person to act as your alternate. Practically, this means that you will be our primary contact for validating your country results but we will keep the alternate expert in copy of our correspondence and, in case of your unavailability, invite him/her to either attend our workshop and/to validate the data and results (as applicable).

We will contact you soon with more information on this autumn's workshop on forecasting skill supply and demand in Europe. In the meanwhile, you can find our recent publications and information upcoming events in our website <http://www.cedefop.europa.eu/EN/Index.aspx>.

For your information, the list of all selected country experts is available on the Cedefop webpage: <http://www.cedefop.europa.eu/EN/news/21414.aspx>

We look forward to our future cooperation.

With kind regards,

Pascaline Descy
